

HOW TO MAKE A CLAIM

In order to make a claim the parent must pay all medical expenses incurred as a result of treatment and get receipts.

They then complete the claim form-I attach a claim form but a claim form can always be downloaded from our website-www.jfd.ie

If the claim is over €500 you must get the Medical Certificate completed by the attending doctor/dentist.

It is important that they fill in their Bank Details in section 7 on the claim form as AIG will settle the claim directly into their Bank Account.

They then email the completed Claim Form, receipts and Medical Certificate-if applicable- to irelandclaims@aig.com

The claim will be settled into their Bank Account within 10 working days provided everything is in order.
